Sexy New Suites At Banff's Hidden Ridge Resort

Banff National Park, Alberta, Canada (February 13, 2009) – Hidden Ridge Resort is giving you a whole new reason to get naked with the introduction of four *hot* mountain suites that are guaranteed to score points with your partner.

The highlight of the new Premier King Suites is a private balcony with a sunken hot tub and breathtaking mountain vistas in every direction. Built on the second level above the stunning new lobby, these unparalleled suites are the secret to success for your next romantic interlude. Charm your loved one with a delectable dinner prepared in the full kitchen, or snuggle up with a sip of champagne in front of the cozy, wood burning fireplace. After a steamy soak in your private hot tub retire to the open loft with a king size mountain luxury bed, where you can watch the stars through floor to ceiling windows.

In addition to the Premier King Suites, Hidden Ridge Resort has added 2 large and distinctive hot pools with incredible views, a sauna, and

27 new Premier 2 Bedroom with Loft suites offering sleeping for 8 with a full kitchen and living room with fireplace.

The Premier King Suites at the Hidden Ridge Resort provide mountain chalet coziness and romantic privacy for any special occasion, whether you are looking for the perfect gift for your sweetie or you just want to get lucky in the mountains.
